

Students at Risk for Anaphylaxis

Procedures regarding the care of students with diagnosed food allergies who are at risk for anaphylaxis shall include:

Development and implementation of food allergy action plans, emergency action plans, individualized health-care plans, and Section 504 plans, as appropriate.

Training, as necessary, for employees and others to implement each student's care plan, including strategies to reduce the student's risk of exposure to the diagnosed allergen.

Review of individual care plans and procedures periodically and after an anaphylactic reaction at school or at a school-related activity.
